New Customer Survey #1:

Customer Satisfaction:	
Just wanted to check in with you and see if everything is going smoothly for you as we get started working with you. We don't want things ever to just be okay. We want things to be so wonderful that you'll be telling others about us.	
1. Have we treated you right in making the transition?	
2. Anything I should be watching out for?	
3. Anything you are concerned about?	
4. So I make sure to pay special attention to it, is there anything that you are particularly looking forward to in working with us?	
(Answers will indicate new CEL level or validate that they remain in old one. Note change in level here and any general comments. Primary evaluation here is, has XYZ Company moved past Expectant or Trial levels or not? Does anything need to be done now to ensure that this contact becomes a Loyal customer at a minimum?)	
Industry Trend Information:	
5. Any major changes, trends in your industry and how are they affecting you?
